

International Journal of Flexible Manufacturing Systems (IJFMS) - Special Issues TOC Outlines
Volume 19 Number 3

Special Issue SI 1		Theme: Capacity Planning in Flexible and Dynamic Manufacturing
Paper #	Authors	Paper Title
1	Hoda A. ElMaraghy	Enabling Change in Manufacturing Systems
2	A.M. Deif, H.A. ElMaraghy	Assessing Capacity Scalability Policies in RMS Using System Dynamics
3	M.F. Zaeh, N. Mueller	A Modeling Approach for Evaluating Capacity Flexibilities in Uncertain Markets
4	A. Matta, M. Tomasella, A. Valente	Impact of Ramp-Up on the Optimal Capacity-Related Reconfiguration Policy
5	P. Hassanzadeh, V. Maier-Speredelozzi	Dynamic Flexibility Metrics for Capability and Capacity

Special Issue SI 2		Theme: Managing Change in Flexible and Reconfigurable Manufacturing
Paper #	Authors	Paper Title
1	O. Kuzgunkaya, H.A. ElMaraghy	Economic and Strategic Perspectives on Investing in RMS and FMS
2	R. Calvo, R. Domingo, M.A. Sebastian	Operational Flexibility Quantification in a Make-To-Order Assembly System
3	S.A. Fahmy, T.Y. ElMekkawy, S. Balakrishnan	Analysis of Reactive Deadlock-free Scheduling in Flexible Job Shops
4	P. Nyhuis, T. Heinen, M. Brieke	Adequate and Economic Factory Transformability and the Effects on Logistical Performance

Volume 19 Number 3

5	S. Lee, D. Tilbury	A Modular Control Design Method for a Flexible Manufacturing Cell Including Error Handling
