Abstract

Authors are invited to submit abstracts of contributions by **September 30, 2006**. The abstracts, written in **British English**, must be submitted via E-mail to: **carv2007@carv-production.com** as an MS-Word DOC and PDF file. Authors are requested to structure their abstracts as follows:

- Title: Expected title of the final manuscript
- Author affiliation: Complete names, affiliation, addresses and contacts of all authors
- Key words: A list of not more than **four** key words must be included
- Abstract should be within **400-500 words** reporting motivations, focuses, results& significance.

Abstracts must be formatted similar to this page on Letter sized paper with a 30 mm margin on the left side and with 25 mm margin on the remaining sides of the page. The title, in Arial 14 point, must be centered in bold letters, while name(s), address(es) and contact(s) are to be in Arial 10 point and on separate lines. The key words and text is to be set in Arial 11 point. The present document has been prepared in compliance with the required abstract format to serve as a template. Instructions about the format required for abstracts and accepted papers as well as guidelines for their submission are available at the conference official website <http://www.carv-production.com>.

All received abstracts will be reviewed and selected, based on content and relevance to the research fields of Changeable Production and Virtual Production. Notification of acceptance or rejection will be communicated by **October 31, 2006**.
